

Jada Quandt

Software Engineer | Full Stack Developer | Front End Developer
Atlanta, GA or Remote | (770) 401-4196

jadaquandt.digital | github.com/jadaquandt | linkedin.com/in/jadaquandt | jadaquandt@gmail.com

Hardworking front-end developer with the desire and ability to quickly learn new languages and technologies. Prior to becoming a developer, I worked as an Administrator for two municipalities, a church, and a salon where I interfaced with customers, managed subcontractors, volunteers, and financial programs, and was required to become proficient and to train staff in many different software programs.

Full-Stack Development Skills

- Debugging, React, JavaScript, Node.js, Express, Redux, RESTful API, PostgreSQL, Bootstrap, HTML, CSS, Google Suite, Photoshop, Lightroom, Ability to work in a remote environment

Education

DigitalCrafts | Certificate in Full Stack Software Development | Atlanta, GA Jan 2020 – Jul 2020

- DigitalCrafts is a top-rated coding bootcamp teaching the fundamentals of programming through an intensive classroom experience, transforming beginners into full-stack software engineers with cutting-edge skill sets.
